INFORMATION TO THE BOARD

5. **Regents' Comments.** Regent Dillingham thanked Dr. Evans and Dr. Ed Vineyard for giving Regent Brownlee and him the opportunity to attend the Enid Marketing Roundtable discussions. Regent Dillingham spoke of some ideas he received from the Enid Marketing Roundtables that could help increase the number of students on all campuses. He would like to see a cost estimate on the cost of sending a mailing or post card to all juniors and seniors in the surrounding area schools highlighting the quality, value, and cost of NOC. He stated that parents need to receive this information as well once or twice a year. Dr. Evans stated that the ACT student name list is something NOC has purchased due to the fact that it shows the list of students who are interested in college. She stated that now all students have to take the ACT and the state government will pay for one test either their junior or senior year. Dr. Evans reported that she would like to use a 75 mile radius when doing a mailing. Dr. Edgington stated that this will be the first year to have access to all seniors through the ACT names list. Regent Dillingham stated that this will give them the opportunity to get ideas to help enhance enrollment opportunities not just in Enid but in surrounding locations.

6. **Administrators' Updates.**

- a. Ms. Anita Simpson reported that the External Audit has been received and that once everything has been finalized it will be sent to the State electronically. She stated that the audit should come back clean with no findings. The report is due by October 31, 2017.
- b. Ms. Sheri Snyder reviewed upcoming activities and provided brochures and flyers to the Regents. The 2017-2018 Presidential Partners Program campaign was mailed to alumni and friends of the college on September 21. Ms. Sheri Snyder invited all the Regents to come support the Concert in the Chapel on October 29. Proceeds from the fundraiser will support the restoration of the Bivins Chapel organ in Enid. A flyer for the 2017 Fall Lectureship was also given to all Regents.
- c. Dr. Rick Edgington stated that the spring and summer enrollment has opened up and is off to a good start with 133 students enrolled. He shared that late eight week classes began this week for the fall semester. Dr. Edgington also reported on the effect that being required to eliminate the cooperative alliance programs has had on enrollment numbers. Since 2015, NOC is down 200 students and most of them are from Autry Technology Center attending NOC Enid while finishing their general education courses. He reported that normally we would have around 60 students in the allied health program, 20 in the drafting program, 40 in the Information Technology program, and 10 in the Business program. Dr. Evans stated that Dr. Edgington and Dr. Pam Stinson are working hard with individual Career Techs on trying to find solutions to incorporate single programs, such as the Respiratory Care program through Autry Technology Center while instilling the new HLC external rules.
