Summary of Program and Divisional Changes					
2016-2017	 Submitted 4 new program options to the agriculture degree: Pre-Vet, Ag Communications, Ag Business, and Plant & Soil Science Added internship opportunities within the discipline area 				
2017-2018	 Moved all Ag classes to a M W F schedule Began advising form the 4 new degree options Began collection of data for the additional degree options 				

2018-2019	Incorporated research opportunities through agriculture program
2019-2020	•

Recommendations for Program Changes					
2017-2018	 Begin using new degree options for advisement, Fall 2017 Continue to expand internship opportunities within the discipline area 				
2018-2019	Edit AGRI 1124 curricula to include more livestock management information				
	 Incorporate an "overall" average for each competency for comparison back to yearly averages. Report data for Ag students only for BISI 2124, CHEM 1314 and CHEM 1414. 				
2019-2020	Data to be assessed in Fall with faculty				
2020-2021
